Sep 2007**NORIT® GAC 830R**

GRANULAR ACTIVATED CARBON

NORIT GAC 830R is a reactivated granular carbon produced under closely controlled operating conditions in our state-of-the-art facility. Quality and screen size are designed to provide high performance levels in the treatment of industrial and municipal wastewaters. **NORIT GAC 830R** is particularly suited for removal of color bodies, dissolved organics, and toxic compounds. This product is a recycled activated carbon and not for food grade or potable water applications.

Product Specifications

Iodine number, mg/g	750 min.
Moisture, % as packed	2 max.
Mesh size (U.S. Sieve Series)	
Greater than 8 mesh (2.36 mm), %	15 max.
Less than 30 mesh (0.60 mm), %	4 max.

Typical Properties*

Molasses number	200
Abrasion number (AWWA)	70
Apparent density, vibrating feed, g/mL	0.53
lb/ft ³	33
Bed density, backwashed and drained, lb/ft ³	28.5

*For general information only, not to be used as purchase specifications.

Packaging/Transportation

Standard package is woven polypropylene bulk bags, 1,000 lb net.

Activated carbon (NOT REGULATED)

Exempt from DOT, IATA, and IMDG regulations

Import/Export classification: 3802.10.0000 (HS Tariff Classification)

Domestic Freight Classification: NMFC 040560

CAS # 7440-44-0

Material Handling

Wet activated carbon depletes oxygen from air and, therefore, dangerously low levels of oxygen may be encountered. Whenever workers enter a vessel containing activated carbon, the vessel's oxygen content should be determined and work procedures for potentially low oxygen areas should be followed. Appropriate protective equipment should be worn. Avoid inhalation of excessive carbon dust. No problems are known to be associated in handling this material. Please see the product Material Safety Data Sheet for details. Long-term inhalation of high dust concentrations can lead to respiratory impairment. Use forced ventilation or a dust mask when necessary for protection against airborne dust exposure (see Code of Federal Regulations - Title 29, Subpart Z, par. 1910.1000, Table Z-3).

Note: Any specification given was valid at time of issuance of the publication. However, we maintain a policy of continuous development and reserve the right to amend any specification without notice.
